INTER OFFICE NOTE

Sub: Sanction of term loans with 6% interest subsidy for roof top
Solar power generation activity.

=====

Some of the Branches are seeking clarifications as to whether the loan proposals for roof top Solar power generation activity, can be covered under 6% Interest Subvention Scheme of GoK. In this regard detailed deliberations were held with the Joint Director, MSME, Department of I & C, GoK, They have informed that roof top Solar power generation activity is in the ineligible list as per industrial policy of GoK for 2020-2025 and hence this activity can not be supported for claiming any concession and incentives by I & C department, GoK.

In view of which sanction of term loans with 6% interest subsidy should not be considered for financing roof top solar power generating activity including the loan component for these plant and machineries if it is a part of the project under MISS scheme.
